FISHING REPORT INSTRUCTIONS

Header

1. “**Licensee Name**” – Print your full name as it appears on your commercial marine license.
2. “**Commercial Marine License No.**” – Enter your commercial marine license number in the boxes.
3. “**Vessel Name**” – Print the name of the vessel as registered with the State Division of Boating & Ocean Recreation or U.S Coast Guard. If you do not have a vessel name, leave this line blank.
4. “**H.A. No.**” – Enter the State of Hawaii certificate number here if the vessel is registered with the State Division of Boating & Ocean Recreation.
5. “**USCG No.**” – Enter the U.S. Coast Guard document number here if the vessel is registered with the U.S. Coast Guard.
6. “**Month and Year Fished**” – Print the month and enter the year fished.

Fishing Effort

1. “**Day Fished**” – Enter day of the month fished (e.g., 1, 2, 12...31), and **use a separate line for each day fished**. Enter day fished even if you did not catch anything, and complete this fishing effort section.
2. “**Chartered Trips X**” – Enter an **X** for chartered fishing trips. (Charter Boats Only)
3. “**Buoy or Area Fished**” – Print only one buoy identification letter(s) or one area code fished per-line. Use a separate line when buoy or area fished changes. **Refer to Commercial Fisheries Statistical Charts A-H for area codes**. Enter buoy or area code fished even if you did not catch anything. If you fished at an artificial reef, enter the artificial reef identification code (**AR #**) from the enclosed supplements. Enter the artificial reef identification code fished, even if you did not catch anything.
4. “**Fishing Method**” – Print fishing method code (**TL = Trolling with lures, BF = Deep-sea handline, IH = Inshore handline, IK = Ika-shibi and PA = Palu-ahi**) or print name of method used (see methods list in this booklet). **Use another line when fishing method changes**.

Fishing Effort Continued

5. “**Hours Fished Per Method/Area**” – Enter number of hours fished (fishing gear soak time).
6. “**Number of Net Sets**” – Enter number of times the net(s) were set (not for crab/kona crab nets).
7. “**Number of Fishing Lines, Traps, Net Length in Feet**” – Enter number of fishing lines, traps harvested, or total length of all nets in feet used e.g., (Number of Lines: **4**, Number of Traps Harvested: **40**, Net Length in Feet: **500**, Number of crab/kona crab nets harvested: **400**.)
8. “**No Catch X**” – Enter an **X** in this box if you did not catch anything.
9. “**Port of Landing**” – Print the name of the port or launch ramp where you land your catch, or where you recover your vessel: e.g. Honokohau Harbor, Kewalo Basin, Hawaii Kai, etc.

Species

1. “**Species Name**” – Print species name landed or species lost or released (see species list in this booklet).

Catch

1. “**Number Landed**” – Enter only the number landed in the applicable species row.
2. “**Pounds Landed**” – Enter only number of pounds landed in the applicable species row.

L/R (Lost and Released)

1. “**L**” – For lost fish print species name under species name column and enter only the number lost to predation in the **L** column. If species lost is unknown, print unknown for species name and enter number lost in the **L** column. **Lost** refers to fish that were lost to any type of predation, i.e. sharks, dolphins, etc. **Do not include lost fish with number or pounds landed**.
2. “**R**” – For released fish print species name under species name column and enter only the number released in the **R** column. **Released** refers to fish that were landed and intentionally released dead or alive, or tagged-and released. **Do not include released fish with number or pounds landed**.

Bottom of Page

1. “**Number Lost to Predators**” – To the best of your knowledge enter the number of losses to **Sharks**, or if predator cannot be identified use **Unknown**. If predator can be identified, print predator name next to **Other** and enter number lost.
2. “**Comments to DAR**” – Print comments in this section, or use a blank sheet of paper if more space is needed.
3. “**PAGE__of__**” – Enter page number and total number of pages. (Example: Page 1 of 2, Page 2 of 2, if a total of two fishing report forms were submitted.)
